Dear Friend:

The law firm of Lewis, Longman and Walker is proud to announce our Inaugural Golf Classic. The event will be held on Friday, July 20, 2001 at Bonita Bay Country Club. The golf classic coincides with the Environmental Permitting 15th Annual Summer School held at Marco Island. Transportation will be available from the Marriott to the golf course. The shotgun start will be at 1:30 PM immediately followed by cocktail/awards ceremony.

Since 1994, Lewis, Longman and Walker has been helping shape Florida's future. LL&W provides solutions to the problems facing Florida's individuals, businesses and governments, especially issues associated with the myriad of current local, state and federal laws and regulations.

Crew Land & Water Trust has been designated as the beneficiary of a portion of the proceeds for the event. The CREW Land & Water Trust was established in 1989 as a nonprofit organization to coordinate the land acquisition, land management, and public use of the 60,000-acre Corkscrew Regional Ecosystem Watershed. This watershed straddles Lee and Collier Counties and provides aquifer recharge, natural flood protection, water purification, preservation of wildlife habitat, and public recreation. Since 1990, CREW has coordinated the purchase of approximately 24,000 acres.

This inaugural golf event provides an opportunity to support these important causes while entertaining clients, associates and friends.

Please take a moment to review the enclosed information outlining the sponsorship opportunities for this event.

Thank you for your time and consideration. If you have any questions, please call [REDACTED] or [REDACTED].

Sincerely,
